Airport Surcharge:

Airport Surcharge is included in your rate

For all airport collections, we ask you provide us with the correct flight number and arrival time when booking your vehicle. This is to ensure that if your flight is delayed your car will be held and staff will be in place to greet you when you arrive. If this information is not available to you at the time of booking, we ask you provide us with it at least 5 days before your arrival date. If we do not receive this information in time, we cannot take responsibility for a failed rental.

Age:

Drivers must be eligible to hold a drivers licence for 8 years at the commencement of rental to drive groups EBMN/EDMN/CDMN/EDAN/CDAN. For groups IDMN/CWMN/IDMD/IDAR drivers must be eligible to hold a drivers license for 9 years, while for groups FDMR/SVMR/FVMR/FDAR/SVAR/FFMR/FFAR/PDAR/IFMR/IFAR drivers must be eligible to hold a license for 11 years. Drivers over the age of 74 will need to provide a medical certificate which states that they are fit to drive and a letter from their insurance company stating that they are currently driving and have not had an accident within the last 5 years. This information must be received at least 5 working days in advance of your rental.

Additional Driver:

Additional drivers can be added . Additional drivers can be added on collection of the vehicle only. Normal age and licence restrictions apply. Please note unauthorised drivers are not covered by our insurance and are prohibited from driving the rental car. The additional driver must be present at time of pickup and must fulfil all the same criteria as the principle driver.

Driving licence:

Drivers (and additional drivers) must be in possession of a full, unendorsed driving licence which they have held for at least 2 years prior to the commencement of the rental. Licences must be produced in person at the rental location on collection of the vehicle. Drivers must be in possession of their licence at all times when driving the vehicle. If a driver has any endorsements on their license, they must contact our Reservations Department prior to booking as there may be restrictions on renting. Failure to inform us of endorsements will result in the driver being refused the vehicle and forfeiting any deposit taken. Licences must be from the country of permanent residence. Holders of UK, US, Canadian, Australian and all EU member states are NOT required to supply an International Driving Permit (IDP). International Driving Permits where required, MUST BE accompanied by the original domestic licence of the driver. This is clearly stated on the international permit. An International permit presented without the domestic licence, will not be accepted.

It is a legal requirement that the driver must have both the card and the paper part of their UK license. Where the paper part is missing, the rental agent will be required to contact the DVLA to confirm that there are no endorsements on the license. In the event that we must contact the DVLA, an administration fee of EUR11.35 will apply to the rental. We can only contact the DVLA within their standard hours of operation (please see <http://www.dft.gov.uk/dvla/>). Where we cannot contact the DVLA, we accept no responsibility for a failed rental. Please ensure that you have your driving licence with you on collection of the vehicle.

International Driving Licence:

Mandatory only if the driving licence is not in an illegible language (Russian, Arabic...).

Credit Cards Accepted:

The main driver must be the holder of a major credit card which they must produce on arrival. We accept MasterCard, Visa, American Express and Diners Club. Payment must be made with a credit card as we do not accept cash, debit cards, electronic cards or the credit card from a third party. At the time of rental, there must be sufficient credit on your card to cover all charges including the excess/deductible amount. A credit card is required for the excess/deductible and additional charges such as extra drivers, fuel, parking fines etc. Holders of a 'Chip and Pin' credit card must know their PIN number. Two credit cards required for some cars. Details are available from Reservation Office.

Cars cannot be taken off the island of Ireland at any stage and must be returned in the Republic. Failure to purchase the required insurance will result in the renter accepting full responsibility for any recovery fees, should the car breakdown.

M50 Tolls - If you use the M50 between junctions 6 and 7, you will pass through a barrier free toll. All of our vehicles are registered directly with the Toll Operator. Europcar will be charged directly by the Toll Operator. We will then charge your credit card directly for each crossing. PLEASE DO NOT PAY EFLOW DIRECTLY as this will result in a non-refundable duplicate payment.

Vehicle Hold - Vehicles will only be held for 2 hours after the booked pickup time/landing time within our opening hours. After this time, the vehicle may not be available.

Maximum Rental Duration:

The maximum rental duration is 30 days in one vehicle. If your rental is for longer than this, you will be required to change into a different vehicle during your rental.

Fuel Policy:

We offer two fuel options:

1. PREPAID FUEL OPTION

Customers can choose our prepaid fuel option at the beginning of their rental at our special discounted rates. To avail of this option, the fuel tank MUST BE RETURNED EMPTY. No refunds will be given for unused fuel. Prices for this option are set locally.

2. FLEXI FUEL OPTION:

Pay a deposit for a full tank of fuel when picking up the rental car at market rates and on return the renter has two options:

- Return with a full tank and the fuel deposit will be refunded automatically.
- Return the tank less than full and pay for any used fuel plus a Refill Service Charge.

No compensation will be given for fuel charges if an upgrade to a larger car is given.
